

SUPPLY OF LOCAL GOATS – Ref # FYF/TRANSFORM/2024/T01

Find Your Feet (FYF) is a local NGO dedicated to working with poor, rural communities to create lasting solutions to poverty. FYF **envisions** a world in which everyone has the right to build a future free from hunger and poverty and **its mission** is to mobilise local knowledge and skills, and promote the ownership and use of natural resources by poor rural communities in finding sustainable solutions to hunger, poverty and discrimination.

FYF has been implementing a project under the **Sustainable Food Systems for Rural Resilience and Transformation (TRANSFORM)** programme. This is a four-year program funded by the Royal Norwegian Embassy through NCA/DCA. The overall objective is to strengthen local food systems in selected Extension Planning Areas (EPAs) in five of Malawi's rural districts and to demonstrate a sustainable improvement of food and nutrition security, resilience to climate change and income among agriculture-dependent rural households. By increasing resilience to climate change, diversifying agriculture production, developing new value chains and closing the gender gap in agriculture, the program will contribute towards transformation of the agricultural sector in Malawi.

FYF invites eligible suppliers to submit different offers for the supply of the following:

NO.	DESCRIPTION & DELIVERY PLACE	QUANTITY
1	Lot 1 - Supply of Female Local Goats (Does) in Mzimba North (Bwengu EPA, Engucwini EPA & Mpherembe EPA)	484
2	Lot 2 - Supply of Male Local Goats (Bucks) in Mzimba North (Bwengu EPA, Engucwini EPA & Mpherembe EPA)	163
3	Lot 3 – Supply of Female Local goats (Does) in Rumphi (Ntchenachena EPA, Mhuju EPA & Bolero EPA)	616
